Registration

All classes are reserved for program students until the first day of classes. You will be given instructions on registering during orientation. You will register *after* orientation.

Before registration you will need to activate your UK AD account, which will allow you to access MYUK, where you will register (when your registration window is open), check student financial aid, check grades, pay tuition, update your contact information, etc. Go to the Graduate School admissions website to the "Check Application Status" page at:

<https://www.research.uky.edu/cfdocs/gsfellowship/fellowassist.html> and use the Student ID number that was e-mailed to you after your application was processed. Further instructions are available at: http://www.uky.edu/IT/CustomService/docs/account_activation.

Parking

Parking is at a premium during the day so if you need a day permit apply as soon as possible after you are eligible. There is a reduced-rate evening parking permit that allows parking from 3:30-10 p.m. The evening permit will suffice for MPA students since all classes are held in the evening. You may apply for a parking permit at: <http://www.uky.edu/Parking/permits-student.html>.
